

# NOTICE

There is perhaps more variations in the quality of fresh beef offered for sale in El Paso, at this particular time of the year, than in any other article of food. The best grade of PRIME BEEF comes from high bred steers FATTENED TO A FINISH by men experienced in producing such beef.

Beef from common, rough steers, stags, work oxen, bulls and old cows is not in the class of prime beef as above described, and does not command the same prices, as it has not the value. At this market you can get choice, prime beef, cut from smooth steers that have been fattened to a finish—beef that contains the maximum amount of NUTRIMENT AND TISSUE BUILDING QUALITIES, at the lowest prices in El Paso.

COFFEE HEART  
Very Pleasant in Some People.

A great many people go on suffering from annoying ailments for a long time before they can get their own consent to give up the indulgence from which their trouble arises.

A gentleman in Brooklyn describes his experience, as follows:

"I became satisfied some months ago that I owed the palpitation of the heart, from which I suffered almost daily, to the use of coffee. (I had been a coffee drinker for 20 years), but I found it very hard to give up the beverage.

"One day I ran across a very sensible and straightforward presentation of the claims of Postum, and was so impressed thereby that I concluded to give it a trial.

"My experience with it was unsatisfactory till I learned how it ought to be prepared--by thorough boiling for not less than 15 or 20 minutes. After I learned that lesson there was no trouble.

"Postum proved to be a most palatable and satisfactory hot beverage, and I have used it ever since.

"The effect on my health has been most salutary. The heart palpitation from which I used to suffer so much, particularly after breakfast, has disappeared and I never have a return of it except when I dine or lunch away from home and drink the old kind of coffee because Postum is not served.

I find that Postum cheers and invigorates while it produces no harmful stimulation." Name given by Postum Co., Battle Creek, Mich.

Ten days' trial proves an eye opener to many.

### BOY SHOT IN THE HEAD; MAY DIE

Two Lads Scuffle Over a Rifle at Dairy; One Is Shot.

A small sized Mexican insurrection broke out at the El Paso dairy nine miles down the county road Friday afternoon and resulted in the shooting of Julian Rios, age 9, by Bruno Navarrete, age 8.

Young Navarrete had been given a 22 rifle to carry home for an uncle who had been hunting for rabbits near the dairy. Little Bruno was on his way when Rios, one year older, attempted to take the gun away from him. A scuffle followed during which the rifle was discharged and the bullet passed through the Rios boy's right hand and struck him on the right side of the head, just above the temple. The skull was fractured and it was necessary to remove a portion of it to relieve the pressure on the boy's brain.

Rios was brought to the city on the dairy motor truck and taken to Hotel Dieu, where he was operated upon. No hope of saving his life was given the parents of the boy late Friday night but the boy was slightly improved Saturday morning and showed a few signs of consciousness.

There were no witnesses to the shooting except some of the small Mexican children playing in the front of the Mexican dwellings. The Navarrete boy was not arrested, as it is thought that the shooting was an accident. Neither boy knew the gun was loaded, it is declared. Navarrete's father is Telefero Navarrete, employed at the El Paso Dairy company's plant and the Rios boy's father is Casimiro Rios, who has been in the employ of the dairy company for 12 years.

### SOUTHERN PACIFIC TO DOUBLE TRACK

The double tracking of the G. E. & S. A. and the Southern Pacific lines has been under consideration for many months, according to railroad officials, and it is expected that the work will be begun in the near future.

The work of double tracking the Southern Pacific west from El Paso to the Rio Grande, a stretch of four and one-half miles, will start within the next couple of months.
